Welcome

YBM introduction and consent

1 **Yorkshire Brain Map School Workshop**

Information · `study_intro` · `ybm_intro_consent.intro`

Citizen Neuroscience — Notre Dame

Thank you for taking part in this workshop.

In this study, we'll use a special tool called electroencephalography (EEG) to collect information about your brain. We'll put sensors on your head, and they'll record your brain activity. You'll also help collect brain data from another person. This new way helps us gather brain data quickly with help from people who aren't experts. The EEG headset should not feel uncomfortable, so if it does at any point, just let a member of the research team know. EEG is safe, pain free, and non-invasive.

In addition to EEG, we'll also ask questions about your life and how you feel. We made a list of questions that ask about things like who you are, how you feel, and how happy you are. We care about keeping your answers private so we'll give you an anonymous code so your answers stay confidential during the study.

Joining this study is your choice, and you can leave at any time with no problems. If you want to leave, please let a member of the research team or a teacher know.

Our study has permission from the School of Psychology Ethics Committee (Ethics Reference: PSCETHS-1449, Date of Approval: 5/6/25).

The questions you're about to answer should take about 10 minutes to answer. Please finish the survey quickly and carefully so we can stay on schedule. Thank you for joining our study! If you have questions or worries, please feel free to ask.

2 **Please tap each statement to indicate you understand and agree to them, and that you consent to take part.**

Statements to tick · Required · `consent` · `ybm_intro_consent.consent`

1. I understand that anonymized results from this study may be disseminated through conference presentations, publication in peer reviewed journals, compiled as part of a report, used in future projects, included on institutional websites, presented in electronic theses and may be made available on online data repositories.
2. I understand that my name will not be linked with the research materials, and I will not be identified or identifiable in the report or reports that result from the research.
3. I understand that if I choose to withdraw my data by contacting the primary researcher within 24 hours of submission (up until {withdrawal_date}) that my responses will be removed from the dataset and not used for analysis
4. I understand that I am free to withdraw at any time without giving any reason and without there being any negative consequences
5. I have read and understood the information about the study shown at the start of this survey and have been offered the opportunity to ask the research team questions via email (m.faizah@leeds.ac.uk)
6. I agree to take part in this study

3 **Why your answers matter**

Information · `why_accurate` · `ybm_intro_consent.why_it_matters`

There are no right or wrong answers here — only true ones.

What you tell us goes into research on how sleep, screens and feelings fit together for people your age, and on what actually helps. That only works if the answers are really yours, including the ones that aren't flattering.

A rushed or made-up answer doesn't just lose one number. It makes the whole picture slightly less true — for everyone the research is meant to help.

So take your time. And if you'd rather not answer something, leave it blank — that's always allowed.

About you

YBM participant identifiers

4 **First Name**

Short text · Required · `first_name` · `ybm_identity.first_name`

---

5 **Last Name**

Short text · Required · `last_name` · `ybm_identity.last_name`

---

6 **What's your date of birth?**

Date · Required · `dob` · `ybm_identity.dob`

---

7 **Next, you'll make your secret code**

Information · `ps_id_intro` · `ybm_identity.secret_code_intro`

The next four questions build a short code that is yours alone. It is made from things you will always remember, so you can tell us your code again later — if you ever want your answers taken out of the study, that code is how we find them.

We cannot work it out from your code who you are. That is the point of it: your answers stay linked to you without being labelled with your name.

---

8 **The first two letters of your mother's first name**

Short text · Required · `ps_mother_initials` · `ybm_identity.ps_mother_initials`

For example, if her name is Jane, type JA.

---

9 **The first digit of your house number**

Short text · Required · `ps_house_digit` · `ybm_identity.ps_house_digit`

For example, if you live at number 123, type 1.

---

10 **The month you were born**

Single choice · Required · `ps_birth_month` · `ybm_identity.ps_birth_month`

This is part of your code, so it needs to match the date of birth you gave a moment ago.

1 January
2 February
3 March
4 April
5 May
6 June
7 July
8 August
9 September
10 October
11 November
12 December

---

11 **The last two letters of your postcode**

Short text · Required · `ps_postcode_letters` · `ybm_identity.ps_postcode_letters`

For example, if your postcode is AB1 2CD, type CD.

YBM demographics

12 **What best describes your ethnic origin?**

Single choice · Required · `ethnicity` · `ybm_demographics.ethnicity`

Ethnic origin refers to your cultural background or where your family comes from, including your ancestors, country of origin, and cultural traditions you identify with.

1. Indian
2. Pakistani
3. Bangladeshi
4. Chinese
5. Any other Asian background
6. Caribbean

13 **Gender**

Single choice · Required · `gender` · `ybm_demographics.gender`

1. Male
2. Female
3. Non-binary / third gender
4. Prefer not to say

---

14 **Are you currently taking any prescribed medication for a mental health or psychiatric condition?**

Single choice · Required · `mh_medication` · `ybm_demographics.medication`

For example, antidepressants. We only use this to describe who took part — it never affects whether you can take part, and it is not shared with anyone else.

1. Yes
2. No

YBM EEG practicalities

15 **Which of these is most like your own hair?**

Single choice · Required · `hair_type` · `ybm_eeg_practical.hair_type`

Pick the one closest to yours — it helps us fit the EEG cap. Choose just one.

1. Straight, fine
2. Straight, medium
3. Straight, coarse
4. Loose waves
5. Defined waves
6. Strong waves
7. Loose curls
8. Springy curls
9. Tight curls

MacArthur Scale of Subjective Social Status – Youth Version validated, used as licensed

20 **Where would your family be on this ladder?**

Ladder · Asked (can be skipped) · `ses_family` · `macarthur_ssy.family`

This ladder stands for where people sit in British society. At the top are the people who are best off — the most money, the most schooling, and the jobs that bring the most respect. At the bottom are the people who are worst off — the least money, little or no education, no job, or jobs nobody wants.

10 rungs

---

21 **Where would you be on this ladder?**

Ladder · Asked (can be skipped) · `ses_self` · `macarthur_ssy.self`

This ladder stands for where people sit in your school. At the top are the people with the most respect, the highest grades and the highest standing. At the bottom are the people nobody respects, nobody wants to be around, and who have the worst grades.
